

FIRST QUIZ: CS4472A Tuesday, 3 October 2017, 7:10pm, Room MC17

NAME AS APPEARS ON STUDENT ID:

STUDENT ID NUMBER:

UWO/CONFLUENCE USER NAME:

REMINDERS:

1. (from course outline) The quiz will be closed book, closed notes, with no electronic devices allowed, with particular reference to any electronic devices that are capable of communication and/or storing information.
2. Write neatly. If the marker can't read it, it is wrong.
3. This exam shouldn't take long to write. On the other hand, time will pass. It is a 30 minute quiz with 20 questions. If you complete a question every minute you will still have 10 minutes at the end to double check that everything is in order.
4. While you are not allowed to open the exam booklet until the proctor says you can, you can fill out the information on the cover page. You should also get out your student id and make sure your pencils and pens are in order. If you need to get something out of your jacket or knapsack once the exam has started, raise your hand and wait til a proctor comes to you to oversee the matter.

1. The protocols for practice expect that the longest amount of time that you will practice before recording a note is ANSWER  
ANSWER=
2. q29  
ANSWER=
3. Although we often think of programs as taking inputs and producing outputs, a higher level view of what is going on is to think of the programs as ANSWER about how to take inputs and produce outputs.  
ANSWER=
4. The number of weekly practices that CS4472 will have this semester is ANSWER  
ANSWER=
5. The per cent of the total mark allocated for all the practice reviews is ANSWER  
ANSWER=
6. The practice technique advocated in this class is a modification of the ANSWER  
ANSWER=
7. q30  
ANSWER=
8. A main theme behind the practice technique advocated in this class is that in order to improve your programming, ANSWER  
ANSWER=
9. The number of quizzes CS4472 will have this semester is ANSWER  
ANSWER=
10. q20  
ANSWER=
11. q28  
ANSWER=
12. q23  
ANSWER=
13. The scripts that were designed to aid the practice process assume that you will be uploading a copy of your work to BitBucket every time you ANSWER  
ANSWER=
14. q22  
ANSWER=
15. q27  
ANSWER=
16. The number of practice reviews that CS4472 will have this semester is ANSWER  
ANSWER=
17. q25  
ANSWER=
18. An important concept we will look at related to the question of when has one done enough testing is ANSWER  
ANSWER=

19. Testing is generally about finding errors that have already been made. This course also covers the topic of ANSWER, which is about trying to prevent errors from being made in the first place.  
ANSWER=
20. The per cent of the total mark allocated for all the quizzes is ANSWER  
ANSWER=
21. q24  
ANSWER=
22. To illustrate the relation between testing and software design, we will look at the programming technique ANSWER  
ANSWER=
23. It is easy to make up test inputs, but it can be tricky to know what the right output for a given input should be. This is referred to as the ANSWER problem  
ANSWER=
24. q21  
ANSWER=
25. The per cent of the total mark allocated for all the quizzes is ANSWER  
ANSWER=
26. The first tool for checking code quality for programs written in Ruby is ANSWER, which is described as a code smell detector.  
ANSWER=
27. q26  
ANSWER=
28. A common piece of information for people interested in programmer productivity is ANSWER  
ANSWER=
29. The total amount of practice time you can get credit for during a practice week is ANSWER  
ANSWER=
30. The per cent of the total mark allocated for all the weekly practices is ANSWER  
ANSWER=
31. The first testing framework for Ruby that we are looking at is called ANSWER  
ANSWER=

```
exam_database_file= examdatabase.json
exam_format= latex
dump_database= false
line_width= 72
question_count= 173
create_exam= false
answer_key= true
sample_seed= 222
shuffle_seed= 2345
["C1", "C2", "C3"]
["C1", "C2", "C3"]
```

1. 30 minutes
2. a23
3. encode knowledge
4. 10
5. 49
6. Personal Software Process
7. a30
8. you need data about your past programming
9. 3
10. a20
11. a28
12. a23
13. record a note about your practice progress
14. a22
15. a27
16. 4
17. a25
18.
  - coverage
  - mutation
19. quality assurance
20. 21
21. a24
22. test driven development
23. Oracle
24. a21

- 25. 21
- 26. reek
- 27. a26
- 28.
  - time spent
  - number of lines of code written
  - number of defects found
- 29. 3 hours
- 30. 30
- 31. minitest
